

Winding River Campground Coronavirus Statement

We hope that your families are all healthy and well and ready to enjoy the outdoors. Due to Covid-19 pandemic, it is necessary to moderate our operations. To make it possible to operate the park safely and comply with the Governor's orders, we will have a few TEMPORARY rule changes.

Winding River Campground is now open for Seasonal and Transient Camping, as well as Canoeing, Kayaking and Tubing. Per CDC guidelines, basic "social distancing" practices are in place. Until these precautions are lifted, please try and stay 6 feet away from anyone other than a family member, and wear a mask when this cannot be achieved. Until the orders are lifted, the playground, basketball court, volleyball courts, and rec hall will remain closed until further notice from the Governor. The pool is open, but you must sign in and out and bring your own chairs.

Our activities are limited.

We thank all of our customers and we truly appreciate your past, present and future business. We look forward to seeing everyone again.

The Horsey Families
